

Trainer Profile

Himadri Sen set up Pumpsense Fluid Engineering Private Limited in 2010 to manufacture special purpose centrifugal pumps and to provide consulting services to the users and manufacturers of pumps. Mr. Sen started his career in pump industry as a Graduate Trainee with Mather & Platt Limited in 1974. He worked for this company for the next 19 years and handled diverse assignments, including sales, product development and strategic planning. In 1993-1994, he worked briefly for Best & Crompton Limited as Vice President of Weir, Ochsner and Worthington product ranges. He set up Allied Centrifugal Pumps Private Limited (ACP) in 1995 to manufacture split case and large end suction pumps for building, industrial services and marine fire fighting applications. In 2005, ACP merged with WILO SE of Germany and Mr. Sen took on the added responsibility as “Product Expert-High Flow Pumps” for Wilo group worldwide. He also joined the board of M/s Mather & Platt Ltd at this time. He left ACP in 2009 to form a new pump company. Mr. Sen has conducted training programs and workshops for pump users and pump manufacturers all over the world.

He holds a Bachelor’s degree in Mechanical Engineering from Birla Institute of Technology and a Postgraduate diploma in Management from the Indian Institute of Management, Kolkata.
